Dear Sir:

Supplementing the two prior IDS submissions and in accordance with the requirements of 37 CFR §§ 1.56 and MPEP 609, the Applicant through its attorneys and representatives, hereby brings to the attention of the Examiner the two additional Japanese language documents with machine translations. Copies are enclosed. This submission is timely in that it is made prior to a first action on the merits.

The Japanese language documents were noted in an Office Action in connection with the corresponding Japanese application of August 4, 2007. A copy of the Action is submitted, but a translation is not readily available. The relevance of the document can be gleaned from the English language translation and its citation in the corresponding Japanese application.

It is requested that the Examiner review the translations noted and make such consideration of record.

Respectfully submitted,

Dated: October 11, 2007
